## EDUCATION

Asia Pacific University of Technology & Innovation (APU)

Kuala Lumpur, Malaysia

Diploma in Information Communications Technology

Expected Graduation, 6 November 2026

## SKILLS

### Programming Languages

- Java
- Python
- HTML, CSS, JavaScript, PHP, SQL
- GDScript

### Tools & Technologies

- VS Code
- Apache NetBeans
- Cisco Packet Tracer
- Windows, Linux
- Godot
- Arduino IDE

## CONCEPTS

- Object-Oriented Programming (OOP)
- Networking Fundamentals
- UI/UX Design Principles
- Database Fundamentals
- Operating Systems
- Cloud Concepts
- Discrete Mathematics
- Computational Mathematics & Statistics
- System Analysis & Design

## PROJECTS

### Java Development Project – Hospital Management System

- Developed a Java-based system using file handling and Apache Ant
- Implemented modules for patient and appointment management
- Worked in a team environment using structured development approach

### UI/UX Design Project – Dental Clinic Website

- Conducted usability analysis and redesign using Figma
- Improved navigation flow and interface layout
- Presented design solutions to class evaluation panel

### Cloud & Systems Project – Smart Baggage System

- Designed workflow processes for baggage tracking system
- Researched Linux-based infrastructure (RHEL 9.5)
- Analysed cloud integration concepts for system operations
